*Indiana's Plan for Technology: On Line...On Target...On Demand...Learning Systems* benefits from years of work from hundreds of individuals. The Plan builds upon the leadership of the Indiana Department of Education and a long history of collaboration with these special groups that have advised the Department and provided vision, guidance, and partnerships to bring about resources for educators and learners:

1983/89	Indiana Consortium for Computer and High Technology Education
1989/93	Indiana School Technology Enterprise Council
1992 +	Corporation for Educational Technology
1994/95	State Board of Education: Technology Task Force
1995/96	Vision Team of Educate Indiana Technology Plan
1996/97	Alliance of Business Leaders and Educators (ABLE)
1997/98	Indiana Milken Educators, Milken Family Foundation
1998 +	Educational Technology Council

A special thanks to those who participated in the Focus Groups, statewide Town Meetings, and the Department's Education Conference from September through December, 1998.
